

HOMEMAKER OF THE YEAR—Mrs. Benjamin McCree has been selected as the Juniors' candidate for Homemaker of the Year.

Sons Benji and Billy think Mom is tops and Dad, too, of course. McCree family enjoys many activities together.

### 'Homemaker of the Year' Junior Candidate is Mrs. Ben McCree

Mrs. Lee Clotworthy, president of the Torrance Junior Woman's Club, Marina District, CFWC, announced that Mrs. Benjamin McCree has been selected as the Juniors' candidate for "Homemaker of the Year."

Mrs. McCree, who now resides at 5013 Paseo De Las Tortugas, Torrance, originally came from Milledgeville, Georgia. She and her husband, who is an engineer at Hughes Aircraft Company, have lived in California for the past eight years. They have two boys, Benjie, age four, and Billy, age two.

Jo McCree, a popular and active member of the Juniors, does all her own housework, makes her own clothing, cares for her two active children and still has time to keep up with her hobbies. She is interested in tennis, chess, reading and gardening. Ben and Jo McCree are working on a long-range land-

scaping plan to enhance their home. Of all the tasks that are necessary to run a home, her favorite is cooking.

For entertainment the McCree family chiefly plan things they can do together. Their favorite activities are taking day trips to local points of interest, picnicking and walking along the beach.

#### BEAUTIFUL-DURABLE

Have you ever wished that someone would invent a beautiful and durable floor that wouldn't require constant waxing and care? Well, such a floor was invented—7,000 years ago. That's right, ceramic tile—one of the world's oldest surfacing materials—is still in wide use today for the very same reasons that made it popular in the days of the ancient Egyptian Pharaohs.

#### GREAT BARGAIN

Compared with substitute wall and ceiling finishes and considering what they have to offer in the way of durability, decorative value and cost of maintenance, lathing and plastering is a great bargain, says the Southern California Plastering Institute. In fact, in many parts of the country, the first cost for lathing and plastering is no more per square foot than substitute finishes.

## Church Leader Talks on India

Bishop J. Waskom Pickett, long-time Methodist Church leader in India and the United States, was the guest speaker at Wayside Chapel Methodist Church, 25904 Cayuga Ave., Lomita, Sunday.

An informal reception for members and friends of the congregation to meet Bishop Pickett was held during the afternoon at the home of the Rev. Clarence E. Spier Jr. at 25048 Eshelman Ave., Lomita, from 2:30 to 4 p.m.

Bishop Pickett, now retired and residing in Glendale, "is one of the best informed Americans on India and Christian missions throughout the world," the Reverend said.

During 46 years in India, he served as pastor, district superintendent, publisher and secretary of regional and national Christian councils and bishops.

For more than 20 years he was president of the Council on Medical Work of the Methodist Church of Southern Asia and was closely associated with many of its most successful education and medical missionary institutions in India, Burman and Pakistan.

Bishop Pickett has known leaders of India during its long struggle for independence. When famine threatened the lives of millions in India in 1950, he, upon request of Prime Minister Nehru, appealed to the U. S. government to make wheat and other food grains available, winning the support of President Truman, Vice-president Barkley and many leading members of the Senate and House.

Author of several books on Christian missions, Bishop Pickett is presently representing the Board of Missions in seeking new resources with which to support the work of the Methodist Church, especially in India and Pakistan.
